P\Roller shades bids chain and motorized operation

1 message

Sonia Palmer <blindsmadeez@gmail.com>

Hi Santiago,
Here are the 2 bids for the rollers shades. One is manual chain and clutch operation and the other is motorized.
The motorized shade can not have the metal fascia cover so I put in the deluxe valance option. Deluxe valance is a 3 1/2" clear plastic valance with the fabric inserted in the front. Please let me know if you have any questions or would like anything revised on the bid.

I just need to let you know the master bedroom needs to be made in bronze cassettes, not the fascia we are doing in the rest of the house. The motorization does not work with fascia. The will be the same color but the cassette has a con curve front and the fascia is flat. Most people are fine with this because it is in a different area of the house and guests dont go into the master bedroom.

Hello Santiago,

I have repeatedly tried to contact you for payment on the blinds and also to install the last 3 blinds you ordered for your basement. If payment is not received by 9:00 a.m. on Monday 03/25/22 I will move forward with any and all avenues necessary to collect the debt you owe to me, including placing a lien on your home, filing a case in small claims court, and reporting the bounced checks (2) to law enforcement (writing a check over \$5000 on a closed account is a felony in Utah).

The amount due is \$7472.56 and I will accept electronic payments via Venmo, Zelle, credit card or cash.

Please give this the attention it deserves.
